LEATHER PATCHES, HEADWEAR AND
ENGRAVED PIECES

Product Catalogue

Custom leather patches, patch caps and beanies, and engraved leather and wood pieces, made to order in our Kempton Park workshop.

KEMPTON PARK, GAUTENG, SOUTH AFRICA
RETROCRAFT.CO.ZA · OCTOBER 2026

What to know before you order

Minimum	10 pieces per design.
Setup	Every production run carries a flat setup fee for machine make-ready, a sample piece and the photo we send you before we start, so the price per piece drops as the quantity goes up.
Proof	A free digital proof for every design. Nothing is made until you approve it.
Lead time	Usually 3 working days after you approve your proof. Large runs on a date we agree when we quote. Smaller runs can be ready the same day when booked, priced as a rush order.
Delivery	Couriered anywhere in South Africa, or collected from Kempton Park by appointment. Trade and reseller accounts pay delivery both ways: for goods sent to us, and for the finished order back to you.
Guarantee	A 6-month guarantee against manufacturing defects.
Prices	Prices come from our pricelist and change with size, finish and quantity. Build your patch in the configurator at retrocraft.co.za/configurator for an instant price, or ask us for a quote.

How an order runs

1	Brief Your logo, the products, the quantity and the date you need them.	2	Proof A digital proof. Nothing is made until you approve it.	3	Production Cut, engraved and stitched in Kempton Park, usually 3 working days after you approve your proof.	4	Delivery Couriered anywhere in South Africa, or collected by your own driver.

Patch caps and beanies

We supply caps and beanies in the styles below, or stitch your patch onto headwear you already have. Most of our customers send us their own caps.

Trucker caps

Mesh back, structured front

Dad hats

Relaxed fit, curved peak

Snapbacks

Flat peak, adjustable snap

Fitted caps

Structured, no closure

Bucket hats

All-round brim

Beanies

Cuffed knit, patch on the fold

5-panel caps

Low profile, clean front panel

Visors

Open crown, peak only

Styles shown blank, before a patch is added.

Trucker caps finished with engraved leather patches.

Cuffed beanies with engraved leather labels.

Bring your own, we stitch it on

Send us what you already have, by courier or Uber, and we stitch a leather patch on, or supply the patches loose for you to attach.

Where a patch can go

Caps and beanies (ours or yours)

Denim and work jackets

Bags and backpacks

Aprons and workwear

T-shirt and hoodie hems

Shirt cuffs

Supplied loose, for you to attach

A spoilage allowance of 2-3% applies to customer-supplied items, and they stay at your risk while they are with us (section 9 of our terms). We recommend an approved test piece on your own material before a batch.

The stitched edge, up close.

Engraved pieces beyond the patch

The same leather, the same laser and the same proof-first process, on products for gifting and for venues.

Engraved leather keyrings

A small, useful gift that carries your logo every day, engraved on the leather colour you choose.

Hospitality pieces

Coasters, table talkers, bill holders and menu covers in engraved leather and wood.

Engraving on wood

Boxes, lids, caddies and key holders, laser-engraved with your logo.

Something else in mind?

We develop new leather and wood pieces to a brief, and sample them before any run. Tell us what you need.
